

## Our Values

- Integrity • Trust • Respect • Quality

### **PSYCHOLOGISTS – SUBCONTRACTORS**

Diversified Rehabilitation Group Inc. (Diversified) is a private rehabilitation corporation which was established in 2000.

Diversified provides leadership and expertise in Disability Management, Case Management, Vocational Rehabilitation, Occupational Therapy and Psychological Services. Diversified is well recognized for being a Workplace Health and Wellness Organization through Disability Management and Employee and Family Wellness programs. Diversified also offers the development, implementation, and monitoring of individualized vocational rehabilitation programs / plans. Services include Employability Assessments, Transferable Skills Analysis, Career Re-direction, Job Search Skills Training, Job Placement Assistance, and Labour Market Research. These services are offered across Canada.

We are looking for qualified registered psychologists for our Richmond and Kelowna offices.

### **Primary Function:**

The primary duties include direct treatment of general mental health disorders including substance abuse, PTSD, depression, anxiety, somatic complaints, relationship problems and family stress. In addition, the psychologist administers a full range of diagnostic tests for psychometric assessments, interprets results and prepares psychological evaluations.

Our psychologists work in partnership with healthcare providers and vocational rehabilitation consultants promoting wellness and providing timely interventions that support and empower individuals to achieve their highest level of functioning - both at work and at home.

### **Mandatory Qualifications:**

- Doctoral or Masters Degree in Clinical Psychology.
- Copy of current membership with the British Columbia College of Psychologists.
- Minimum 2 years experience performing psychometric assessments, interpreting results and preparing psychological evaluations.
- Familiarity with Windows and Microsoft Office
